### EXPERIENCE

#### **ProtoLab**, UX Designer & Front-end Developer

Jun 2019 - Present

Designed, developed and launched the website for a civic design initiative, D4SD.

Collaborated with 2 designers, 2 content strategists to design and keep iterating the website for better outreach.

#### **Bainbridge Inc.**, Front-end Developer

Jan 2019 - Present

Collaborated with another full-stack developer to develop and launch a B2B platform, Capitalsphere, which provides investors with a secure exchange for M&A opportunities.

Conducted competitive analysis and created wireframes for the UI of the website.

### PROJECTS

#### **Meeting APPropriately**, UX Researcher & Designer

Nov 2019 - Present

Researched about the factors that prevent people from speaking up in meetings by conducting user interviews and secondary research.

Creating journey maps and prototyping possible solutions for further user testing.

#### **Lito Nail**, UX Designer

Jan 2019 - Apr 2019

Designed interactive prototypes with 4 UX designers for a salon, Lito Nail and Eyelashes.

Conducted user interviews and competitive analysis to understand client's needs and brand the website.

Iterated on the design based on feedback from our client, classmates and professors.
